

# Compatibility Matrix

## Paragon<sup>®</sup> II Release 4.8 Compatibility Matrix

Please review the 4.8 Release Notes for important release information. Please consult the Quick Setup Guide and User Guide for product information on setup instructions, implementation, and operations. Additional Paragon documentation can be found under Product Documentation at [www.raritan.com/support/](http://www.raritan.com/support/).

### Document Revision History

<b>Original Document Release:</b>	August 25, 2011
<b>Revisions:</b>	October 31, 2011 (3EJ changed to 3EK) January 19, 2012 (Added 0A7 to P2CIM-AUSB DUAL) February 2, 2012 (Reinstated UKVMC)

**Note:** Release 4.7 was the last release that supported the installation of Paragon II firmware on Paragon I UMT switches and UST user stations. While release 4.8 can successfully be installed on Paragon I devices (hardware generation 3 only), technical support for Paragon I equipment (unless listed below) is not available.
